## Some press publicity I've used in Dorset

Submitted by Sally Cooke on 29 June 2011 - 6:17pm

I've put a couple of files on the group 'Promoting Co-Counselling' which are press releases that I used with some success in Dorset last winter to attract trainees to fundamentals. Six new people joined the fundamentals, five as a result of one press item. Five of the six new people completed the course (along with 5 doing it as a refresher).
