

## Compact Co-counseling Toolkit (Online plus face-to-face)

---

Language

English

This 15 hour evening course is the first of two linked parts . It can stand alone as an introduction to co-counseling - there is no obligation to continue to the second part.

In part 1 you will experience 4 evening sessions online, each 2 hours with a generous break, and we will finish with a face to face day workshop in Bristol (social distance as necessary then). We'll make an online alternative to the final day if needed. You'll have the opportunity for face-to-face sessions with coursemates including experienced co-counsellors.

See separate event for details of Part 2, and full details and updates on

### Costs

We aren't turning people away from training who can't afford it. Rather than name a price, we ask you to consider your budgets and discuss with the facilitators. You pay an initial commitment fee to secure your place, and the rest by the end of the course.

Donations are always welcome.

### **Payment Arrangements:**

Pay by paypal or otherwise by agreement
