Core training - Introduction

Type of Event:

Free Taster session (Leeds)

This evening's event will tell you more about 'Know Yourself!: CCI Core Training' 2020 Two weekends that can change your life! ?

+ Reach your creative potential! + Grow your confidence! + Deal with stress! + Learn to handle your emotions! + Assert yourself!

Come to the taster and/or the above course if you want to find out about this wonderful world of self-discovery and self-realisation. Find out about the unique residential events that are on offer each year, which provide a free network for your personal development.?

I have arranged another of the popular taster evenings...

This is to give you a taste of how we do our personal development in the CCI Network, and should be interesting, useful and fun.

The subsequent course is arranged for two weekends in early 2020. Bookings have been coming in for this, but there are still places left.

More information is at www.co-counselling.co.uk

Please book soon to avoid disappointment.

I am convinced that we make a more productive life if we get to know and then connect up these three areas of ourselves:

---EMOTIONS-----

-----THOUGHTS-----

-----BEHAVIOURS-----

The method we use on the course addresses this.

(Important Note: it's important to be physically comfortable when doing co-counselling, so if you need to sit on a chair that's absolutely fine.)

CCI Co-counselling:

- Helps you be creative and expansive - you don't have to 'have problems'
- Helps you be honest with yourself and authentic with others
- Is not like 'normal counselling'
- Is not aimed at counsellors - it's for anyone
- Is respectful of each individual's wishes: everything is optional – no one pushes you into anything you don't want to do

Book up soon for the taster and/or course if you want to find out about this wonderful world of self-discovery. Find out about the unique residential events that are on offer each year, which provide a network for both personal development and personal connections.

Date of full 2 weekend course: 14-16 Feb, 29 Feb - 1 Mar 2020

Richard Mills

CCI Trainer, BACP Senior Accredited Counsellor/Psychotherapist

TESTIMONIALS

“I’m really pleased I attended the taster session and felt positive vibrations afterwards. I am definitely going to do the Co-Counselling Course – as its a therapeutic tool for life.”

— Nicola Cassidy, Leeds

‘I have attended a variety of workshops with Richard and always find them powerful, challenging and exciting. At the same time I know I am safe, though not so safe that I can’t grow. Richard is steadfast in his integrity, clarity and honesty, and as such I find him an excellent and inspirational facilitator.’

- Rosalind Ashling, Perth, February 2010

CCI network

“The two hours flew by. I enjoyed trying out the basics of co-counselling, in a relaxed and friendly group. It has inspired me to try the longer course.”

— Emma P, Leeds

‘I have known and worked with Richard on and off for 20 years now and always found him to be extremely knowledgeable of the therapeutic process. He is clear and precise and encourages others to be the same. This can feel challenging at times but it is in my experience always for the benefit of the

participant. He also has a good sense of humour, useful when people are wrestling with difficult issues, but this is done with care and consideration so you always feel safe. I always look forward to being in a workshop where he is present.'

Stephen Gillingham, 2009

CCI network

"Great fun and stimulating. Thank you Richard for holding this Taster session. I look forward to the course in the autumn."

— *Martin D, Bradford*

"Interesting, fun and dynamic presentation and processes. A good demonstration of how co-counselling works."

— Taster participant, Leeds

"Enjoyed the event, it gave me a taste of co-counselling & what a full blown version could be like."

— Taster participant, Leeds

'You were an easy going facilitator that enabled me to feel at ease throughout the training. Your sense of humor allowed me to bring clarity and focus to the issues I found most challenging. For this I am most grateful.' C.C.,
Leeds
