BEING is our theme

Dear Co-Counsellors,

The Hungarian Co-Counselling community is welcoming you to our 8th CCI Europe gathering being held instead of Hungary, NOW ONLINE.

Our core organizing team is international: Agota, Donal, Gabi, Saci from Hungary, Aisha and Alan from the UK and Joke from the Netherlands.

We chose a simple title for CCI 2020 and it seems very true and valid for 2021: BEING Simple but not really so simple. Being there for each other in our community as being there for ourselves. Being a human being with deep humanity may really mean the art of living. Being and acting as one in mankind, in harmony with all living creatures on the whole planet in our universe is today's great issue.

Being resilient, adapt and transform... also getting and giving support in our co-counselling environment in preparing for today's many social and ecological challenges.

Come and find out for yourself what it means to you. Or just come and join us at our ONLINE CCI that is open to all co-counsellors who have completed their basic training.

We will put on a workshop for newcomers to CCI and for co-counsellors who feel that their skills have become a bit rusty.

If you want to join CCI 2021, please **REGISTER HERE**:
