

Yuletide Virtual Coco 2021

Language

English

By popular request, Virtual Coco is returning for the festive season. The opening circle will be on Thursday 23rd December and the closing circle on Sunday 2nd January. The workshop will consist of whatever is offered: sessions, themed coco workshops, here&now groups, dance, cabaret, shared walks, writing spaces... it all depends on your creativity and imagination!

Don't worry if your attendance will be intermittent - many people will be in this position as they balance work and other commitments during the period of the workshop.

How does a virtual residential work?

The workshop is held together by a framework of Google Docs, Zoom and WhatsApp. There will be a 'main Zoom room' for circles, group events (e.g. cabaret) and other workshops. The timetable and noticeboard will be Google Docs that can be edited by any participant. There will also be a Google Doc for support groups - you can be allocated in advance to a random support group or you can create your own support group. There will be WhatsApp group for quick communication during the event. There will be an opening circle at the beginning of the workshop and a closing circle at the end but no daily circles because people are at home with different commitments. Instead, there will be a daily check-in for those who want it. If you have any questions, please ask!
